

Thursday 27th April 2023

English – Can you choose a London sight and create a fact file about it? Research information on the internet to help you. You could choose one of the sights we have looked at in our book ‘A Walk in London, for example Buckingham Palace.

Maths – weighing and comparing masses: [Weighing and comparing masses in mixed units \(thenational.academy\)](https://www.thenational.academy/)

Maths Challenge - [Watermelons \(maths.org\)](https://www.maths.org/)

Geography – We have been learning about cities and focussing on London, can you take a virtual tour of London here: [VisitLondon virtual tour](https://www.visitlondon.com/en-gb/visiting-london/virtual-tour) , what do you notice about the different areas? Are there some areas that are older and other areas which are more modern? Can you find St Pauls’ Cathedral?

Art – In Science, our new topic is plants. Can you do some drawings of your favourite plants and label them? You might like to go for a walk to find your favourite plants. If the weather isn’t very nice, you could use the internet to look up a photo you could then imitate to make your drawing. Don’t forget to label your drawings!

Here are some example:
