

Monday 25th January Year R - Home Learning

This week we are thinking about the real life superheroes of the NHS and all those people who care for others.

PE – Combining our pattern work with dance and PE, this catchy song will soon get you moving.

<https://family.gonoodle.com/activities/banana-banana-meatball>

You can play this a few times to get the used to the patterns.

Once this has warmed you up can you practise your throwing and catching ball skills. You could throw with a partner or up against a wall. Challenge yourself by moving further away or using a smaller ball/ object.

Maths- Ways to show and display different numbers. See the separate information on the class webpage and take your own photos of different ways to make 4, 5 and other numbers.

Phonics- Live lesson at 10am. See you then.

Literacy- There are two activities to complete following our live phonics lesson.

- Write the missing 'or' words (answers are fork, born, cork, corn, sort, fort, thorn, torch).
- Roll and read your way along the 'or' words grid. You could play with others or repeat to see the different ways you can move along the grid

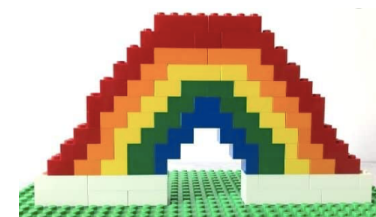

Craft- Enjoy some art and science in action with a rainbow theme to say thank you to all our wonderful NHS and key workers. All you need is paper towel, pens and a tray of water. This website explains how you can do it.

<https://www.messylittlemonster.com/2020/04/magic-paper-towel-art-science.html>

You can find an information sheet about making rainbows on the class webpage.

You can also create your own rainbows to decorate your house or windows or build one from Lego.

Story- You can hear me read you a story from the Year R story blog <https://www.southtawton.co.uk/year-r-story-blog>

Please continue to use your **Evidence me app** to take and upload photos and a message of the day's learning to stay in touch. sculverhouse@southtawton.org to email with any questions or comments.

I am in class with key worker children so will do my best to answer as quickly as I can.
